WORK EXPERIENCE

Machine Operator
Tong Hsing Electronics Phils. Inc.
2010 - 2012

PERSONAL PROJECTS

E-Commerce
- A monolithic e-commerce web application developed using Spring Framework, MySQL, and Bootstrap.
- Project Link : github.com/mrkevr/e-commerce

Quiz Web Application
- A multiple-choice question (MCQ) based quiz web application. It consumes a REST API to do the backend operations using Spring's RestTemplate.
- Project Link : github.com/mrkevr/quiz-web-app

Exam Document Generator
- This Spring Boot REST API project enables the conversion of Excel files into multiple-choice exam PDFs. Users can upload Excel files, and the API processes the data to generate a formatted PDF document.
- Project Link : github.com/mrkevr/quiz-generator

EDUCATION

Associate in Computer Technology Major in Programming
Pamantasan ng Cabuyao
2012 - 2015

SKILLS

Java SQL NoSQL HTML REST
MICROSERVICES

FRAMEWORKS AND LIBRARIES

Spring Framework

JDBC

JUnit

Java EE

Hibernate

Thymeleaf

Boostrap

TOOLS

Git Maven Spring Boot Eclipse IDE
VS Code
